

SCUBA DO ZANZIBAR

Diving and Snorkelling Services for our Kendwa Guests

The Dive Centre

Our philosophy is to offer our customers the most incredible snorkelling and diving experiences with our professional team of instructors and divemasters. We use top-quality equipment, follow stringent safety standards, and offer our guests a superior service. We have a fleet of six custom dive boats which can take you where you want to go, whenever you want to go!

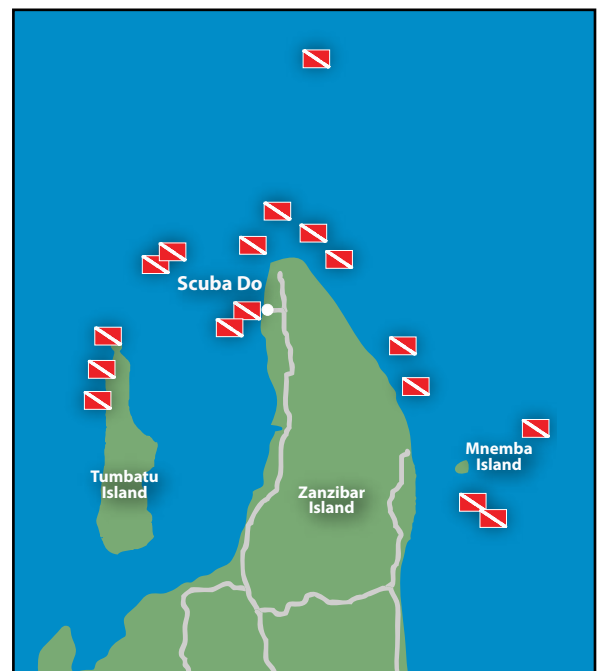

Scuba Do is a PADI 5-Star, Gold Palm Resort operating two dive bases on the stunning Kendwa Beach. In addition to being one of the best beaches on Zanzibar, Kendwa is the ideal place to launch the boats, swim at any tide and see spectacular sunsets.

Marine Life

Zanzibar's life-rich coastline offers some of the best snorkelling and diving in the world. Our sweeping coral reefs made up of both hard and soft corals are home to a spectacular variety of tropical fish, turtles, dolphins, stingrays, and eels.

Our eco-friendly snorkel guides and dive masters are well versed in our local marine life and enjoy sharing their knowledge. With a passion for the aquatic realm, they will be pointing out bizarre and tiny creatures!

Our list of weird and wonderful sightings includes weedy scorpionfish, Mauritius scorpionfish, seahorses, leaf fish, pipefish, a variety of shrimps and nudibranchs just to name a few.

Community Service

Scuba Do support our local village and are involved in a variety of environmental projects. We support construction of our village school, employ our local villagers and participate each year in the Project AWARE International Coastal Cleanup Day. Through this initiative we have been able to provide education on environmental issues important to our local community.

Snorkelling Excursions

Zanzibar's north coast offers snorkelling on the fringing reefs around Mnemba Island and Tumbatu Island or on our lovely Kendwa Reef. We offer guided snorkelling tours where the snorkellers can join on the same excursion with their diving family members or take a private snorkelling boat. We also provide snorkelling courses for those who have never tried or would like additional guidance.

Tumbatu Island **\$45**

Surround yourself in an abundance of reef fishes and enjoy floating over spectacular corals on the fringing reefs around Tumbatu Island.

Mnemba Island **\$85**

Enjoy a 30 minute scenic boat journey around the northern tip of Zanzibar Island to the magnificent Mnemba Island Marine Conservation Area. You will snorkel around the fringing reefs and enjoy the diversity of marine life.

Keep in mind that you do not need a certificate to try scuba diving! Zanzibar is the ideal place to experience breathing underwater. Our professional team of PADI Instructors thoroughly enjoy introducing beginners to our amazing aquatic realm. If you enjoy the experience and have 2-4 days, you could become a certified PADI diver!

Learn to Snorkel **\$85**

If you have never tried snorkelling before, let us introduce you and guide you with a lesson in the shallow water followed by a snorkelling excursion to Kendwa Reef.

Discover Scuba Dive **\$110**

You do not need a certificate to try scuba diving and you will not want to miss out on the opportunity to experience Zanzibar's beautiful coral reefs and diverse marine life! *Please check the medical questionnaire to ensure you are fit for recreational scuba diving activities.*

Scuba Diving

At Scuba Do, we focus on quality and want our divers to have the best possible experience of Zanzibar's aquatic diversity. For qualified divers, we offer more than 20 dive sites ranging from easy shallow dives for beginners to more adventurous deep dives in the Pemba Channel for experienced divers. We plan our dives around the tides to offer you the best visibility and least currents. Our various reefs offer brilliant diving any time of day, and year round diving.

You may choose drift diving, deep diving, fish identification or an exhilarating night dive! We use custom dive boats which access our local reefs in 10-15 minutes. To visit the famous Mnemba Island Marine Conservation Area, it is only a 30 minute journey from Scuba Do. If sea conditions are flat and the weather is clear, we can also cross the Pemba Channel to dive the south side of Pemba on the stunning Emerald Wall or Panza Wreck, just over an hour's boat journey each way!

Scuba Tune-up

| Torch (incl. batteries) | \$15 |

PADI Courses

Our teaching philosophy is one that if an individual is medically fit and would like to learn to dive, we can teach them no matter how much time they need to get comfortable. Our team of patient instructors are experienced in assisting students to overcome their challenges and we are confident that we offer the highest quality diving courses. We not only teach the student to dive, but we teach them to dive well.

Scuba Do's professional instructors can teach you in one of the most idyllic environments in the world and we offer a variety of courses from beginner through professional. We follow all PADI standards and guidelines to give you the most rewarding learning experience. We also offer flexibility and arrange your diving course to fit your holiday plans. We are proud to be recognised as the top teaching dive centre in Tanzania for 2008.
